

## EXCHANGEABLE CASSETTES SELF-MOUNTING KIT

Article: 101527 | 101528 | 101529

**Customise the exchangeable cassettes in our renowned premium MMI-series to suit your individual requirements!**

With our self-mounting kit, you can now realise your own expansion projects even more flexibly and efficiently. Our self-mounting kit provides you with everything you need to install the cassettes quickly and easily. Each kit contains instructions in the form of a QR code as well as all the necessary components to enable effortless and precise installation.

**Perfect for anyone who values proven ATX quality and maximum flexibility for their own expansion.**

· Moving plate	294 x 310 mm	424 x 310 mm	554 x 310 mm
· Usable area	245 x 255 mm	370 x 255 mm	500 x 255 mm
· Compatible with	MMIWG2-A (100276)	MMIWG2-B (100277)	MMIWG2-C (100278)
<b>Article number:</b>	<b>101527</b>	<b>101528</b>	<b>101529</b>

### Structure

Our MMI exchangeable cassettes self-mounting kits, like our standard mounted MMI exchangeable cassettes, consist of a hold-down plate, moving plate and pin plate, a handle and a cassette including interface preparation.

**ORDER NOW**  
And secure exclusive benefits!

### EXCLUSIVE BENEFITS

Maximum efficiency, lower costs and a sustainable solution

- ✓ **Fast availability**  
Thanks to optimised warehousing
- ✓ **Cost savings**  
Benefit from a cost advantage compared to our mounted exchangeable cassettes
- ✓ **Optimised processes & increased efficiency**  
No additional (dis)assembly work for your own expansion
- ✓ **Sustainability**  
We use environmentally friendly paper packaging and deliberately dispense with printed instructions

### Available soon

In future, our exchangeable cassettes self-mounting kit will not only be available for the MMI-series, but gradually for all standard exchangeable cassettes.
